Have questions? [See our FAQ »](#)

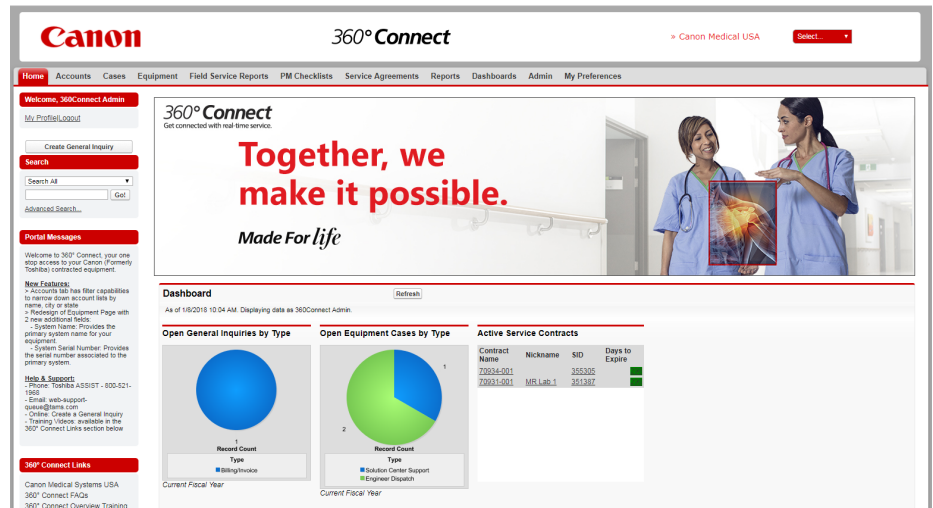

Get empowered with Canon's innovative self-service portal. Designed with the customer in mind, 360° Connect is a central place to easily monitor your Canon equipment, access important information for audits, and create service cases directly from the portal. By making it simple to retrieve and manage vital information, you'll boost efficiency and save time.

# Access to the Information You Need, When You Need It

## A CENTRAL PLACE TO MANAGE YOUR ASSETS

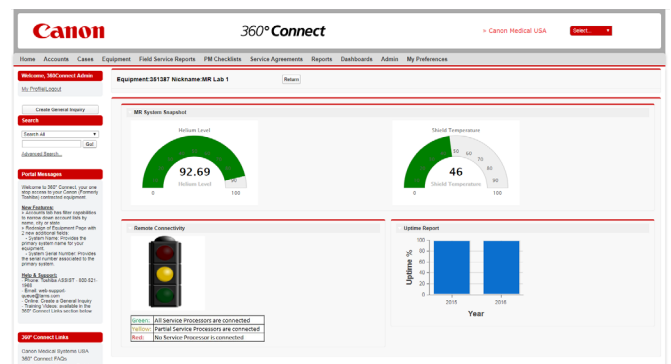

It's easier than ever to do business with Canon. With the ability to quickly and easily access and monitor your Canon equipment, you can:

- Access service contract status and history
- Get a system snapshot 24/7
- Create equipment cases
- Manage service case status and repair detail
- Store and view important documents

## GAIN VISIBILITY INTO YOUR SYSTEMS

- Viewing your Canon account from the portal allows you to:
- View and compare system utilization across your organization\*
- Track your Canon account team for sales and service access
- View preventative maintenance schedules and completed checklists
- Access field service reports

## INFORMATION WHEN YOU WANT IT

360° Connect delivers powerful information at your fingertips. With its self-service functions and simple interface, you will:

- Save time on customer service calls
- Optimize the use of your Canon CT equipment
- Have audit information readily available
- Maximize the return on investment
- Boost productivity
- Spend less time searching for documentation and paperwork

\*Must have Innervision for CT Scans Available for most Canon Medical systems covered under warranty or with an active service contract.
