**Dr. Tarpan R. Patel, FACC**  
Interventional Cardiologist  
Peak Heart & Vascular

Alphenix Tablet aids physicians to streamline coronary procedures. Watch how Dr. Tarpan R. Patel utilizes the Alphenix Tablet to help him do coronary procedures like FFR and iFR measurement quicker. *"The fact that you have a tablet readily available, and you can just click on a button without having to ask someone else to do it for you, it just makes the case go much quicker."*

**Dr. Nassim Haddad**  
Interventional Cardiologist  
Epic Surgery Center

Transition from ceiling mounted imaging system to floor mounted imaging system. *"After we use it, we see this is a very versatile machine. We have more abilities and views and angles that we can do with this machine, way more than the ceiling mounted system that we have in the hospital, so it gives us more options that we didn't have before."* Hear Dr. Nassim Haddad explain how Canon Alphenix helps physicians to expand more treatment opportunities for cardiovascular and peripheral vascular disease patients.
