Canon Medical's Commitment Stronger Than Ever

Canon
CANON MEDICAL

Canon Medical Systems USA, Inc., a trailblazing Vanguard donor since 1990, renewed their dedication to radiology's future with a 4-year \$500,000 commitment to fund a named Research Scholar Grant. With a rich history of supporting R&E grants for the past three plus decades, Canon Medical has already funded over 100 named research grants.

At Canon Medical Systems USA, Inc., their commitment to patients, customers, and partners stems from a steadfast belief in comprehensive and accessible healthcare solutions for all. This commitment is deeply rooted in the company's "Made for Life" philosophy, which underscores every aspect of Canon Medical's operations, including its support for the R&E Foundation Vanguard Program, and that dedicated support is stronger than ever.

David Hashimoto, Vice President of Marketing and Sales Strategy, highlighted the significance of this partnership, emphasizing that education and research lie at the core of Canon Medical's purpose in the healthcare industry. "Our relationship with the R&E Foundation has never been stronger, and we are doubling down on our commitment through action. The R&E Foundation's work is instrumental in shaping the future of healthcare, both in the short and long term.

The work that the R&E Foundation does is vital to the longevity of both short and long-term healthcare objectives to better patients' lives through meaningful innovation," said Mr. Hashimoto.

Collaboratively, Canon Medical and the R&E Foundation will continue to drive healthcare advancement, ensuring a brighter, healthier future. This partnership reflects an enduring commitment to research and education in the healthcare field.

Thank you, Canon Medical Systems USA, Inc., for your leadership as a Vanguard Program donor!
