

Security Solutions that Fit Your Needs.

Cyber threats pose a significant risk to patient safety and information as well as to your business. Canon Medical Systems has taken proactive measures to help you guard against malware, viruses and malicious attacks.

A security package is now standard on applicable* Canon Medical Systems CT, MR, ultrasound and angiography equipment. You get peace of mind without additional software to purchase. You receive:

- Access to a high level of protection and security.
- Enhanced CT, PET/CT, MR, ultrasound and cardiovascular X-ray platforms equipped with the Microsoft Windows® 7 and McAfee® Solidifier.
- Properly configured endpoint that deploys scalable protection against zero-day and advanced persistent threats.

For more information, contact your Canon Medical Systems sales representative today.
