Platinum Series

## Optimized image quality, easy operation

Combining excellent image quality with simple operation, Xario™ 100 Platinum provides superior performance in your clinic or examination room. The system's outstanding mobility and consistent imaging performance across clinical specialties also make the Xario 100 Platinum an ideal imaging device in hospital and mobile settings.

## High Density Architecture

Canon Medical's innovative High Density Architecture forms the foundation of the superb imaging capabilities and technologies of the Xario 100 Platinum Series.

# Excellent clinical detail - fast

Only the best image quality allows you to make a diagnosis quickly and confidently. Each of Xario's unique imaging technologies provides you with clarity and resolution by reducing noise, strengthening signal and improving visualization. Canon Medical's distinctive iStyle™+ Productivity Suite enables faster exams and greater productivity by minimizing keystrokes, improving workflow and raising the consistency of exams.

## Versatility in every aspect

From imaging to quantification, from reporting to archiving, Xario offers an integrated full-spectrum solution that helps you manage your study data and reports efficiently directly on the console.

## Clarity in your clinical results

Xario 100 Platinum offers a wide range of clinically proven imaging options to ensure clarity and detail in a wide range of clinical settings. Advanced tools provide deeper clinical insights whenever you require.

## A comprehensive range of transducers

From standard models to specialty probes – all of Xario's transducers deliver superb image quality and respond with flexibility to a wide range of clinical applications.

Designed to reduce operator stress and to increase efficiency, Xario's lightweight transducers feature outstanding clinical versatility, ergonomic shapes and thin, super-flexible cables.

## Fully customizable console

Xario's console and mode-sensitive touch screen suit your clinical needs and personal preferences simply by allowing you to assign functions to the keys of your choice.

## Instant image optimization

QuickScan automatically optimises the image with a simple push of a button so you can achieve greater consistency in your exams in less time.

## Reduce keystrokes, shorten exam time

Xario's new Quick Start menu helps you adjust the imaging parameters to any specific clinical target while ensuring a smooth, uninterrupted workflow.

# Excellent ergonomics for your workplace

Every aspect of Xario 100 Platinum has been optimized to deliver high image quality and efficient workflow. The system's outstandingly compact and mobile design enables you to create an ergonomic work environment in virtually any clinical setting.

## Cable management

Xario's smart cable management system helps you put an end to tangled wires, allowing you to move the system easily and safely.

## Transducer connectors

Xario's slim probe connectors with large lock levers and active port indicator simplify both workflow and transducer selection.

# Productivity solutions

From imaging to quantification, from reporting to archiving, Canon Medical provides a full spectrum solution that helps you manage your study data efficiently. Thanks to the system's embedded raw data functionality you can review, analyze, report and archive your clinical data anytime with no loss of functionality.

# Productivity solutions

From imaging to quantification, from reporting to archiving, Canon Medical provides a full spectrum solution that helps you manage your study data efficiently. Thanks to the system's embedded raw data functionality you can review, analyze, report and archive your clinical data anytime with no loss of functionality.

## Exporting your clinical data

Xario ships standard with a DVD writer, as well as network and USB connections for study documentation, storage and data export.

## Reporting options

Xario provides comprehensive onboard facilities to generate and print customizable reports including measurements, charts, clinical images and text.

## Managing your study data

Xario's fully integrated patient and image management system allows you to review and manage your studies conveniently on the system.
