

OMNERA® 400T and Cube

Bringing a Ceiling-Mounted DR Within Reach

- **Up to 50% Reduction in Cost vs. Traditional Installations**

The self-supporting Cube for the OMNERA 400T provides the flexibility of a true ceiling-mounted system without expensive overhead ceiling construction costs.

- **Fast and Easy**

Installation is straightforward and, while perfectly suited to a permanent installation, also ideal for short-term or temporary clinical areas.

- **Multiple Options to Fit YOU**

The Cube can be customized to adapt to your specific needs, with two height versions available, both of which having customizable rail lengths.

The OMNERA 400T Digital Radiographic System adds DR workflow including selectable tracking of the X-ray tube to the wall stand and table.
